WHAT WE HELP SOLVE

Importing should not feel like a maze.

For product-based businesses, a small logistics or customs issue can quickly become a costly delay. Earth Services helps connect the moving pieces so you can focus on inventory, customers and growth.

1

Freight costs climbing

Review routing, mode and shipment structure for opportunities to improve cost and efficiency.

2

Customs slowing you down

Coordinate clearance and documentation with a licensed customs brokerage team.

3

CPSC or compliance questions

Get practical support around product requirements, classification and import procedures.

4

Too many vendors to manage

Coordinate freight, customs, trucking and consulting through one logistics partner.

ONE CONNECTED PARTNER

Move it. Clear it. Deliver it.

Choose the support you need now and add services as your operation grows.

MOVE IT

International Freight

Ocean FCL/LCL, air freight, time-critical shipments, routing strategy, carrier coordination and international door-to-door support.

CLEAR IT

Customs & Compliance

Customs brokerage, CPSC guidance, tariff classification, FTZ strategies, duty drawback, IEEPA refund assistance and consulting.

DELIVER IT

Ground & Final Mile

Drayage, FTL/LTL, expedited trucking, transloading, warehousing, distribution support, final-mile delivery and appointment coordination.

Need a second set of eyes on your current process?

We can review a shipment, customs entry, lane or logistics workflow and identify areas worth a closer look.

WHY EARTH SERVICES

You do not have to replace everything to start working with us.

Start with one shipment, one lane, one customs question or one process review.

Since 1987

Decades of experience supporting international trade and transportation.

Customs + Freight

Brokerage, forwarding, consulting and transportation support under one umbrella.

Practical guidance

Clear recommendations designed around the shipment and the business behind it.

Flexible support

Use Earth Services for a single need or as a broader logistics partner.

A better fit starts with a conversation.

Tell us what you import, where it moves and what is not working today.

Let us review one shipment with you.

Send us an upcoming shipment, a recent freight invoice, a customs entry or a logistics challenge. We will help identify the right next conversation - whether that is freight, clearance, compliance, IEEPA refund assistance or cost review.
